I am so very sorry to hear of Big Mama's passing. My Mother and I met her while Mother was a patient in Highlands Rehab. While there we discovered that she had been married to Burns Pace who was a cousin of our family. It really is a small world. I watched her daughters take such good care of her and assist her in participating in activities. They told me that even though they were there with her during the day that they had her there because they needed help taking care of her. I could not quite understand until I took Mother home for the month of August and saw that I could not possibly care for her on my own. May God bless you all in your time of loss.
