Nick I will miss you more than I can put in to words. I had the honor to have known you and work with you. You and I had our differences from time to time but we had mutual respect for one another. You were my boss but more than that a friend. There never was a day that went by at work that you didn't have me laughing. I will miss the talks we would have be it personal or just about work or life. Thank you for being my friend and for everything you have done for me! It was my privilege and honor to have known you!! Rest in peace my friend.

Nick I have truly enjoyed working with you for nine years. There was never a dull moment. I'm going to miss walking in the office and hearing "good morning boss lady" and getting a big hug. We have so many funny memories that I will never forget. I miss you already. Prayers for your family and friends. Love boss lady!

Nicky was a good friend of mine. The best memory I have of him was when eight of us guys would go to the ball field (now playground paradise) almost every day when we were kids and play baseball. One day there was only the barrel of a bat laying around so Nicky picked it up and batted one handed with it. That ball is still floating in space today. Gonna miss him

Nick you meant so much to me, my mother, and the Elmington family. Your big personality, and loving soul will be missed so much. My mom thinks you hung the moon she loved you so much! Thank you for leaving such an impact on the Isbill family and of course the Elmington family you were one of a kind and loved by so many. My prayers are going out to Nicks family, and friends during this time. Rest easy friend.
