I worked with Johnny in Springerville, AZ and again in Gillette, Wyoming. He was a wonderful person to work with and a knowledgeable, and hard working Startup engineer. May the good lord comfort you in this time of need. Until you all meet again may he rest in peace. Rod Sheets 23148 Nn 103rd Ln. Peoria, AZ 85383

Pat, I was saddened to hear of Johnny's death. He was one of my favorites at Widows Creek, not only to work with, but I really enjoyed our discussions of different issues. I'm sorry that I was unable to visit or attend the funeral and Mickey asked that I express his regrets that he was also unable to visit due to a family illness. Even though I haven't seen Johnny often since my retirement, he will be missed. Jerry Don

Dear Patricia and family, So sorry for your loss! John was a good friend of mine at We-energies. John and I worked together on the new power plant here. He will be dearly missed at We-energies by all of his friends here. My Wife and I almost stopped by your place as we passed by going to Florida last Christmas but was not sure if John was home yet and didn't want to surprise you not knowing us so we passed by. Now I wish we would have stopped anyway. He was just taking some pictures here last week so I took his camera and made him sit in his chair by his desk so I could take his picture never thinking that would be the last time I would see him. Wish we could have made it down there but I just found out this morning at our morning meeting. We will see him again some day, David and Barbara Guth 5525 County Road H Franksville, WI 53126 262-497-7863
