Larry was a great friend. We were PiKapp brothers at Samford. I am sorry for his passing but I know the Lord welcome him to Heavens Door!

Dr. Bob Cosby posted:

It was a pleasure and an honor to be a fellow Classmate of Larry's at the University of Alabama School of Medicine. He will be missed. Since our Mother's passing I have come to realize much more clearly that the reality of Heaven is just as much a matter of our basic Christian faith as our belief in the existence of God and His Son, Jesus the Christ. If we say we believe in Christ, we must believe that what He has told us is true about life after death in Heaven for all true believers. In light of Heaven's actual existence and sure rewards, we can be happy for our loved ones' gain who died in faith, despite the sadness of our loss, and be greatly comforted by looking forward to our reunion relatively soon with all those who have fully trusted in the Lord for their salvation and have gone on before us. May God bless and comfort us as we put our full faith and trust in our Lord and Savior Jesus Christ, the God of our fathers and mothers.

I was Dr Bolton's nurse for several years. I worked with him in hospital and nursing homes, he loved his patients. He always asked about their families. I can say he was good to the people that worked for him. He cared about our families. He was funny and enjoyed a good joke. He was a jolly soul. One could hear him laugh throughout the building. That will be missed. Dr Bolton and I would talk about our faith and our desire to always follow God's leadership. I consider it a blessing to have worked along beside him all those years. I know he's at rest. Angels are singing a little louder as they welcome him in. Have a peaceful flight Dr Bolton
